BRASS & BRONZE CASTING ALLOYS

ART CASTERS' BRASS

Color: Bright Yellow. Fluidity: Good. Pouring Temperature: 1700°F-1900°F. Sold in polished 1" cut bar form. Art Casters Brass is the same color as yellow brass; it melts cleanly, produces no fumes, and has good fluidity for easy casting.

BR1090 1-25 lbs. \$11.60/lb. 25+ lbs. \$10.45/lb.

EVERDUR SILICON CASTING BRONZE

Color: Gold. Fluidity: Very Good. Pouring Temperature: 1850°F-2250°F. Sold in polished 1" cut bar form. Everdur Silicon Casting Bronze can be used for various types of casting that require good corrosion resistance. The alloy has good fluidity, low drossing and a medium temperature solidification range.

RL1091 1-25 lbs. \$12.65/lb. 25+ lbs. \$11.40/lb.

JEWELERS' MANGANESE BRONZE

Color: Bright Gold. Fluidity: Fairly Good. Pouring Temperature: 1700°F-2100°F. Sold in 2" cut bar form. Manganese Bronze is a gold color base metal alloy that can be centrifugally cast. The color of Manganese Bronze closely matches that of 14K yellow gold and is therefore widely used for 14K gold sample lines.

RL1093 1-25 lbs. \$11.60/lb. 25+ lbs. \$10.45/lb.

WHITE CASTING BRONZE

Color: Silver. Fluidity: Excellent. Pouring Temperature: 1650°F-1850°F. Sold in 2" cut bar form. White Casting Bronze is a proprietary alloy with a low melting point, excellent fluidity, and a beautiful white color.

RL1092 1-25 lbs. \$12.00/lb. 25+ lbs. \$10.80/lb.

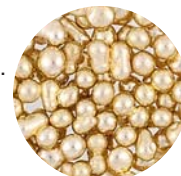

CASTING BRONZE #342

Color: Bright Yellow. Fluidity: Excellent. Pouring Temperature: 1920°F-2100°F. Sold in shot (grain) form. Casting Bronze #342 is used to cast jewelry models, belt buckles and art objects. The alloy contains a silicon de-oxidizer for clean casting; it has a much better resistance to tarnish than brass alloys and can easily be soldered with silver or low formula gold solders.

RL1094 1-25 T. oz. \$1.65/T. oz. 25+ T. oz. \$1.40/T. oz.

CASTING BRONZE #340

Color: Bright Yellow. Fluidity: Good-Excellent. Pouring Temperature: 1920°F-2100°F. Sold in shot (grain) form. Casting Bronze #340 is used to cast jewelry samples. Finishes to a bright 14K color; can easily be soldered with silver or low formula gold solders. May be gold cyanide plated. Tin free.

RLB815 1-25 T. oz. \$1.70/T. oz. 25+ T. oz. \$1.45/T. oz.

MINIATURE BRASS SCREWS, BOLTS, WASHERS & NUTS (Sold by the dozen).
